

Flexible Service Response

Empower Your Independence

Strengthening Community Engagement and Caregiver Support

What is Flexible Service Response?

This service is part of the Home and Community Care Program for Younger People (HACC-PYP), designed to assist individuals in empowering their independent living, fostering home safety and promoting engagement in community activities.

These services include: In-Home services, Community-based Health Services, Assessment, Meals, and Linkages.

We offer information for people to:

- Learn WHAT government services are available
- Understand HOW services may help
- Get support to APPLY for services that will help
